- - **WORKING TOGETHER TO IMPROVE HEALTH AND WELLBEING**
As a membership organisation we are proud to work on behalf of over 400 GP colleagues who, from 1st April 2013, have been responsible for commissioning healthcare services for the 544,000 people who live in Somerset and for unashamedly putting quality and patient experience at the top of our agenda.

The member practices of the Somerset Clinical Commissioning Group (CCG) are arranged in nine commissioning localities. Each locality has a nominated clinical delegate. The delegate, through day to day contact with people who need health services, provides clinical expertise and local perspective to the countywide CCG.
